Explain:	The primary mode of instruction, which explains the concepts within each lesson.
Apply:	Students practice their knowledge by solving problems and receiving immediate feedback.
Explore:	Students challenge themselves by investigating/solving tougher questions.
Seek help:	iPerform mentors clarify doubts of students within 24 hours of them being raised.
Evaluate:	Weekly report card measures the students' progress.

Classteacher's Learning library of over 70,000 modules and an extensive question bank available in a pen drive for each of the grades K-12 standard

No internet connection required

Topic-wise, chapter-wise explanations, videos, worksheets, quizzes and more

Awards section containing achievement badges, assessment reports and more to keep students motivated

Pendrive is not locked to one laptop or PC, you can take it around wherever you go

Can be used as a regular pen drive after content validity gets over
